Payment and cancellation rules

This enrolment agreement can be cancelled within five calendar days of the course activation, provided that this cancellation is notified in writing to the Program Director and at baja@academicaschools.es. If this cancellation is made, the school will immediately reimburse in full all tuition and fees paid, according to the enrolment agreement, and the refund will be made no later than thirty days after the cancellation.

This provision will not be carried out if the student has already started classes or used the platforms. Likewise, a student may request withdrawal for the second semester of the course she is taking before the five calendar days from the start of the course. She must notify it in writing to baja@academicaschools.es and, in this case, the school will reimburse the amounts invoiced for the second semester of the course.

Academic bills the school for the totals corresponding to the enrolment fees and technology fees for the month of June, the first semester at the beginning of September, and the second semester at the beginning of January. Likewise, Academic will reimburse the amounts invoiced to the school corresponding to the withdrawals made on the date and in the form.

The economic conditions, invoices, facilities or payment conditions established here by the school for its students do not replace the conditions and dates of payment from the school to Academic.

The school will invoice the student for the fees during the month of July and will prorate the annual amount in 10 monthly instalments from September to June.

In case of withdrawal, the student agrees to pay the corresponding fees until the full payment of the semester in which she withdraws.

In order to benefit from the benefits under the conditions and deadlines established by the school, the student must be up to date with the payment of all school fees.
